

# Lecture series MGK 854 / EKFK 2020/2021

Online lectures are on **Tuesdays, 11:00 am - 12:30 pm** (**Zoom: link will be provided a week before or on demand**). The lectures will be in English and last approx. 60 - 75 min and are followed by ca. 15 - 30 min discussion. For questions please contact Leonora Kulikovskaja (leonora.kulikovskaja@med.ovgu.de).

Date	Lecturer	Title of Lecture
<b>2020</b>		
<b>postponed</b>	Lothar Jänsch (HZI, Braunschweig)	Molecular transport in immunity
<b>20.10.20</b>	Peter Müller (KHAE)	Inflammation, Clinical Symptoms and Search for Novel Therapies in JAK2-V617F Mutated Disease
<b>postponed</b>	Ildiko R. Dunay (IIN)	Innate Immune cells in brain homeostasis and neuroinflammation
<b>15.12.20</b>	Dirk Schlüter (MHH, Hannover)	Regulation of immune responses to pathogens by ubiquitous system
<b>2021</b>		
<b>26.01.21</b>	Nishanth Gopala (MHH, Hannover)	Cerebral malaria: Pathogenesis and immune response
<b>23.02.21</b>	Andreas Müller (IMKI)	Deciphering host-pathogen interaction dynamics using in vivo biosensory systems
<b>20.04.21</b>	Berend Isermann (Uniklinikum Leipzig)	Novel insights into the regulation of sterile inflammation by coagulation proteases
<b>04.05.21</b>	Lothar Jänsch (HZI, Braunschweig)	Molecular transport in immunity
<b>18.05.21</b>	Ulrich Thomas (LIN Magdeburg)	Calcium signaling in immune cells - selected aspects
<b>15.06.21</b>	Werner Zuschratter (LIN Magdeburg)	Multi-modal Imaging: High resolution and time resolved microscopy of the immune system
<b>13.07.21</b>	Michael Naumann (IEIM)	NF- $\kappa$ B control by ub-like proteins
<b>September, Oktober</b>	Ildiko R. Dunay (IIN), Dunja Bruder (IMMB)	tba
